ESTABLISHED 1859

OUR PIONEER SCHOOL HOUSE

Its Original Site—Travels and Final Disposal—Incidents
By John F. Ford

For the third time and probably for the last time in its history the old building, known as the Hanley house, on Winslow street, is being moved.

When it was originally built in 1858 it was located near what is now the corner of Whipple avenue and Birch street, and under its roof was gathered the youth of the village and vicinity. Pedagogue Curtis Baird taught the pupils and did not spare the rod in his method. About a dozen scholars answered the roll-call, most of whom continued on the roster when the school house was moved to the site now occupied by the Southern Pacific station. Mr. Baird did not move with the school having found more congenial and more profitable employment. In after years this first teacher of our school was elected to the Assembly from this county and having served his term removed to Oregon, where he some years later passed away.

A gentleman named Erskine was the next teacher and was followed by Mr. W. W. Lunt who was the first teacher of whose methods I have a good and I might say a vivid remembrance. As far as lessons went I believe we studied but lapses in deportment and failures in recitations with some of us were frequent and punishment was certain. Mr. Lunt's genius developed what he called a "memory post." The delinquent pupil toed a line drawn on the floor and stooping placed his finger on the head of a nail driven into the floor a short distance from the line. This position was favorable for punishment and as a rod wielder, Mr. Lunt was a successful howl producer. Three or four of the scholars were very assiduous in polishing the nail head and filling the room with their cries. Despite the old saying I have always believed it hurt us more than it did him.

His system came to an end when the brother of one of the pupils took the nuts from Lunt's buggy axles and caused his being dumped out while on his way to his home, in Belmont.

After his school term was ended Mr. Lunt left for the southern part of the state and was not again heard of, until years afterward when Henry Finger, one of his pupils here, was elected coroner of Santa Barbara county. His first inquest was upon the body of Mr. Lunt who had met with a violent death.

Following Mr. Lunt came Mrs. Elizabeth Wright, a Scotchwoman, who had acquired a good reputation in San Francisco schools. Three or four of the boys here, myself among them, had been in her class in that city.

Mrs. Wright was a painstaking teacher and was genuinely sorry for the backwardness of any of her pupils. Her grief though did not prevent her from inflicting due punishment upon those who deserved it.

In those days, 1860, and later pupils were required to pay a monthly tuition fee and to furnish individual supplies. Copy books were unknown, and Mrs. Wright was compelled to set the copies for each scholar and in many cases to guide the hand in forming the letters. Her writing, of which I still have specimens, was fine and clear and many a teacher of the present day would be proud to write as well.

A few of my school mates at Mrs. Wright's school are still members of the community and doubtless the many good traits of the stout old Scotchwoman are remembered as well by them as by me.

Mrs. Wright taught the school for some years and afterwards conducted a small private school until, she was given charge of the school at Colma, then known as School House station. It was here that a tragedy came into her life.

Mrs. Wright had two handsome daughters, Marian and Grace. Jealousy between sisters of the former caused a fight in which one young man was killed. The Wright family shortly afterward moved to San Francisco, where, a few years later, the old lady died.

My connection with the old building ceased with the termination of Mrs. Wright's term, and I only once more visited it before its sale and

removal.

I was then a pupil at a private school conducted by Mr. Wm. W. Wright and located where Mrs. G. H. Rice's residence now stands. In those days "spelling bees" were popular, and I was generally successful in spelling down the other scholars. A contest was arranged between our school and that held in the old school house. I think a lady named Murray was a teacher.

A Friday afternoon the two schools lined up and the contest was on. Towne's speller was used, the words were passed out, and the contestants dropped out as they failed, until finally only one was left on each side, a young girl championed the old school, and your honorable servant upheld the other. For a time the words were given out and spelled correctly until the readers were compelled to go beyond the limit that had been set, and harder words and proper names were given to us. We each strove our best and neither failed until the word "Zachariah" flooded me, and the superior Biblical knowledge of the maiden won the day and the honors.

A few years later a more commodious school house was erected on the place where the new fire house is located and the old building was moved to where it has stood many years, having been purchased by Mr. L. Maxwell and remodeled into a dwelling.

Afterwards the property passed through several hands until it was bought by John Hanly, the well-known pioneer, and here he and his good wife raised their large family and finally passed to the Great Beyond.

The house has stood at this spot almost fifty years and has become a landmark, only slightly changed from its original appearance but covered with a mass of vines and flowers.

It may be soon forgotten by the present generation in the changes of these later years, but those who spent their study hours there in pioneer times will always remember the redwood desks, name whittled by the mischievous boys, or garnished with flowers by the pretty maids, all of whose faces appear to us through the mists of years just as we saw them, although many of them have long ago joined the hosts around the footstool of their creator.

Some of the boys went out into the world and won success, while others have gained it closer to the home hearth. While writing these lines, the following words of a song have been in my mind, and are, I think, a fitting close for this article:

"Memories, memories, dreams of love so true,
O'er the sea of memory, I'm drifting back to you,
Childhood days, wildwood days, among the birds and bees,
You left me alone, but still you're my own,
In my beautiful memories."

WOODSIDE NEWS NOTES

The handsome home of Charles Eugene Serveau near the Drexler place at Woodside was sold this week to I. O. Upham, the San Francisco stationer. The home consists of 25 acres of land well improved. It is one of the show places of Woodside. A big sum was paid for the property. Mr. Upham is very wealthy. It is said the sum of \$46,000 was paid for the premises. Mr. Serveau will leave shortly for his boyhood home in France.

The sewing circle met at the home of Mrs. F. H. Mighall this week. Mr. and Mrs. F. H. Mowse and Mr. and Mrs. Alf Burgi spent the week-end at the seashore at Santa Cruz.

REPORT OF INHERITANCE TAX IN CASEY ESTATE FILED

R. F. Chilcott, inheritance tax appraiser of the estate of Peter Casey, deceased, has filed his report the total market value of the estate subject to the inheritance tax has been fixed at \$38,390.12. The two heirs who inherit the estate in equal shares, are Mrs. Catherine Ann McConvey and Mrs. F. Dinnigan. They will each pay as the inheritance tax the sum of \$91.95.

THE WEEK'S EVENTS IN LOCAL CIRCLES

W. T. Irving and Professor Frank Bryant who have retired from the Redwood City Aviation school are quite popular here and leave with the best wishes of the people of Redwood City. Mr. Irving will go east shortly while Mr. Bryant will retire to his ranch in Southern California.

Tuesday morning last Father C. E. Kennedy united in marriage Rupert C. Johnson and Miss Alice M. Lemis, both residing in San Carlos. Mr. Johnson is a paying teller in a San Francisco bank.

As an evidence of the demand for real estate in Redwood City it might be stated that E. W. Magruder, the realty broker, during the month of May sold lots in the city limits of Redwood City aggregating \$15,000. This certainly is a wonderful showing for the city.

Gus Waller, the builder and contractor, has the contract for repairing the damages done on the Alhambra theatre building by the recent fire. The structure will be better than ever before. It will take about \$2000 to repair the interior of the building.

James Lanfer came down from San Francisco on Monday to visit friends. He holds a lucrative position with the Thomas Day Company.

John Rutherford, the builder, will commence on Monday the erection of a neat bungalow at Emerald Lake for Arthur B. Chitt of Burlingame. The dwelling will cost about \$3000.

The annual banquet of the Automobile Association of Santa Clara and San Mateo counties was held in Hotel Sequoia on Thursday evening. About forty members were present. Herebefore the annual banquet was held at San Jose, but the association thought best to hold these get-togethers in this county. The next gathering will be at San Mateo.

The people of Redwood City will be pleased to learn that the Chautauqua will be here again next season. The canvasser for the system announces that almost enough names have been secured to warrant the Chautauqua in coming next year.

In interviewing the barbers in town it has been learned that the price of hair cutting will not be raised, at least for the present notwithstanding the increase of wages of the journeymen.

Lieutenant George Wenner, who, with his sister and mother, Mrs. Kate Y. Noble, made his home in Wellesley Park while in training at Camp Fremont, died last Sunday night at the Base Hospital, Menlo Park, after a lingering illness. His mother and sister arrived from the family home in Seattle just before his death.

The funeral was held Tuesday at 9 o'clock from the home of Mrs. B. W. McCormick, 1057 Ramona street, Palo Alto.

Mrs. Arnold Hess Jr., is spending the week-end at Oakland where she is the guest of her father, A. M. Mayberry, who is the head gardener of Mills College, the fashionable young ladies' school.

Prior to his enlistment Lieutenant Wenner was an attorney-at-law of San Francisco. He was a fine specimen of manhood, clean and courageous, making friends wherever he went.

John B. Willocks of this city was united in marriage at San Jose last Tuesday to Miss Minnie A. Sheldon of Palo Alto. Mr. and Mrs. Willocks will make their home in College City where the groom owns property.

Miss Gertrude Cross, the popular grammar school teacher, will not seek a re-appointment, having secured a position in the Oakland school department. Miss Cross has taught in the local school for some years.

Mr. and Mrs. Charles Bettin and family of San Francisco were visitors in town this week. Miss Louise Bettin was a member of the Lux-Wilmerding high school class and graduated last Friday night in San Francisco. The Bettins are former Redwood residents.

Charles G. Lambert and wife have returned from a month's vacation spent at Los Angeles. They had a delightful time seeing all points of interest in the Sunny Southland. Mr. Lambert's partner, David L. Walzer, will depart in a short time on his honeymoon. He is to wed a popular society leader of Atherton.

PETER LARRECOU CAPTURED A BOLD CRIMINAL

Peter Larrecou, the nightwatchman, made a clever capture of a desperate criminal in Redwood City early Wednesday morning. Larrecou was notified early that morning by Chief of Police Noble of Palo Alto that the Mendenhall store had been robbed of \$2500 worth of silks. One of the robbers was captured two hours after the robbery. The nightwatchman of Palo Alto saw two men walk away with the loot. He followed them and later captured a man named Melvin. The other broke away and ran.

Larrecou went out to the Woodside road and near Union cemetery saw a man coming to this city. He did not tally with the description given by Noble. However he was halted. A big rip was noticed on his trousers and when asked by Larrecou how it came there the man said he had his pants torn when alighting from a box car at Woodside. His further answers to questions put by the officer were just as ridiculous and he was taken into custody and partly admitted the robbery. He gave the name of John O'Brien. He has been taken to Palo Alto.

JURY DISAGREES IN UNITED R. R. DAMAGE ACTION

The damage suit of Martin A. Poss against the United Railroads of San Francisco that was tried in the superior court on Tuesday and Wednesday resulted in a disagreement on Wednesday evening. The jury stood eight of a verdict and four opposed.

Last year, Naomi, the three-year and nine months old girl of Mr. and Mrs. Martin A. Poss of San Mateo was run over and killed by one of the cars of the company. The father some time ago brought an action to recover the sum of \$25,000 for the loss of his child charging negligence on the part of the company.

The railroad was represented by Hall C. Ross and Attorney Cannon, while Poss was represented by J. E. McCurdy of San Mateo and Attorney Brown of San Francisco. The amount of damages sought to be awarded by the eight jurors ranged from \$2500 to \$25,000.

FOLEY-SHINE NUPTIALS

M. J. Foley and Miss Laura F. Shine of Palo Alto will be united in marriage by Father Gleason in St. Thomas Aquinas church, Palo Alto this morning. Mr. Foley is a ship builder. Miss Shine is the youngest daughter of Mrs. Thomas Shine of Palo Alto but formerly a resident of Woodside.

ADDITIONAL LOCALS

Miss Blanche Wenner, her sister, also served her country during the war as head field dramatic coach for the army of occupation and as a "Y" worker near the front.

John Freeman, after a lingering illness of several years, passed away at his home at 202 Cedar street in this city early Tuesday morning. The funeral took place from the Catholic church on Thursday. Interment was in Holy Cross cemetery, Menlo Park. The deceased is survived by a wife and young daughter, Irene Freeman.

Thomas Tuite has sold his house and lot near the Pratt-Lowe Cannery to Tony Ueters, better known as Chille. Property in that locality is in big demand and is finding ready sale.

Howard Mallot, a former builder and contractor of this city, passed away in Texas last week. Mr. Mallot left here in 1895. He was well-known and liked while here.

Joseph Iler, a former Redwood City painter, was in town last Sunday visiting friends. Mr. Iler is a resident of San Rafael and is the resident manager of the Shell Oil company. His visit on Sunday was the first in twenty-one years.

Charles G. Lambert and wife have returned from a month's vacation spent at Los Angeles. They had a delightful time seeing all points of interest in the Sunny Southland. Mr. Lambert's partner, David L. Walzer, will depart in a short time on his honeymoon. He is to wed a popular society leader of Atherton.

PRESERVATION LEAGUE TO MEET AT COURT HOUSE AT 2 THIS AFTERNOON

This afternoon the members of the Preservation League of San Mateo County will meet in the chambers of the supervisors in the court house at 2 o'clock to discuss ways and means to defeat the proposed annexation of San Mateo county to San Francisco, which proposition is now being worked over time by San Francisco politicians.

All members of the League and all those interested in keeping the county intact are urged to be present and air their views.

Two years ago the League worked hard to get a constitutional amendment adopted whereby this whole matter would be disposed of for all time. However it is proposed by the politicians of the city to have the enabling act so amended that they would be in a position to absorb this county with ease.

San Francisco county is so heavily in debt that it must seek more property to mortgage to raise funds to carry on contemplated improvements. Is San Mateo county to be the goat for this scheme? The people of this county have something to say in the matter and if their wishes are consulted they will not become a parcel and part of San Francisco.

Do the people of this county want to bear the burden of the big tax rate that the city is carrying? If not every property owner should be present at the big meeting this afternoon and register his or her objection. Attend this gathering. Co-operate with the League and keep our favored county as it is.

San Francisco is wide-awake with a determined eye on this county, to devour it if it is permitted. It therefore behooves the people to be alert and watch every move of our neighbor.

GOOD LECTURE ON PRESENT GOVERNMENT OF IRELAND

On last Wednesday evening many of our residents took advantage of the opportunity to hear Professor Thomas Hardy, of the University of Belfast, lecture on the present government in Ireland.

Prof. Hardy's recital of the conditions existing in Ireland were given in a manner that carried conviction. His simplicity of manner won the hearts of his audience from the first and his recital convinced the audience of the injustice with which the Irish people are ruled by England.

He showed by statistical reports that the amount of revenue taken out of Ireland annually by England had increased from \$3.77 in 1896 to \$42.52 in 1919 for each man, woman and child in that unfortunate tax-ridden country. These figures are appalling in comparison with the revenue raised in this country. It means that Ireland with her population of 4,390,219 was obliged to pay into the coffers of England the sum of \$186,672,111 for the year 1919, and the budget for 1920 already figures up an amount in excess of \$200,000,000.

Professor Hardy called the audience's attention to the help given this country in its struggle for independence, both in financial contribution and in vigor of its youth. He quoted Geo. Washington in the statement that the Irish language was more commonly spoken in the ranks of the army of the Revolution than was the American language.

His appeal to the American people was not for physical sacrifices but for moral support in Ireland's struggle for liberty, calling the attention of his hearers to the fact that America was largely in the late war for the purpose of giving small nations the right to be governed by the consent of the people.

Conduy Auditor J. J. Shields presided at the meeting and introduced the speaker in an appropriate speech.

TWENTY-FIFTH ANNIVERSARY OF SEQUOIA HIGH SCHOOL

The next Commencement of Sequoia Union High School on June 18, will mark the twenty-fifth anniversary of the school. Professor S. P. McCrea, the principal, aims to make the occasion a memorable one in the annals of the institution. During the week he sent out the following letter:

"On June 18, 1920, at 8 p. m., at the Alhambra Theatre, will be held the twenty-third commencement of the Sequoia Union High School which marks the twenty-fifth anniversary of the founding of the school.

"An unusually interesting program has been prepared in honor of the anniversary of the oldest high school on the peninsula, and a large attendance of alumni, former students and friends are expected on that occasion.

"Instead of the regular commencement address, a series of addresses will be made by alumni of the school. Roy W. Cloud of the pioneer class of 1895 will make the introductory address. Mr. H. E. Holmquist of the class of 1899 (now principal of the High School at Aberdeen, Washington) will tell the story of the life of the school under its first Principal, David A. Curry. Mrs. A. S. Kalenbourn (Emma Haywards) of the class of 1902 will do a like service for the school under the second Principal Frank S. Rosseter. Comte O'Connell of the class of 1917 will tell the later history of the school.

"We the getting out an anniversary edition of the Sequoia, our school paper. It will contain a detailed history of the development of the educational features of the school, and an alumni record to date. You will certainly want this souvenir of the school that developed the talents that have enabled you to make a success in life. If it is impossible for you to be present send me your order for a copy. It should cost \$1.00 but will be issued for seventy-five cents."

"The graduates of the school in a quarter of a century number but 216. We have not been able to find where all of you live. We want you to come back for this occasion and renew old friendships and by your presence encourage school and faculty in their work.

"We hope to get together as many former teachers of Sequoia as possible, and hope all former teachers will make a special effort to be present."

S. P. MCCREA,
Principal.

REDWOOD CITY AVIATION FIELD HAS BEEN LEASED

Walter T. Varney, young son of Mr. Varney formerly of the firm of Varney and Greene, bill posters, has leased from the Lynch heirs the Redwood City Aviation field, near town, for a year. The young man is an experienced aviator having seen service in France. He was taught the science of the air by Frank Bryant on the field which he has just leased. He will assemble and manufacture planes here.

He contemplates enlarging the efficiency of the plant by adding more hangars and widening the scope of the school. Varney, who has flying fields in Reno, Nevada and San Francisco, will make every effort to encourage the aerial mail service to use the field. Other big concerns are also to locate here.

Mr. Varney Sr., is very wealthy and is behind his son in the contemplated improvements of the local field which is one of the best known in the country as well as being the pioneer.

RECORD-BREAKING YEAR FOR PAYING ANNUAL TAXES

As the fiscal year 1919-1920 draws to a close and after the county delinquent tax roll has been published, the office of County Tax Collector A. McSweeney shows the smallest percentage of delinquency in the history of the county.

The tax collector was charged for the present fiscal year with the collection of taxes amounting to \$1,147,336.61. Of that amount there has already been collected the amount of \$1,125,370.62, leaving an actual delinquency in money of \$21,965.99, or in other words, a delinquency of 1.8 per cent of the total charge. This is an unusually small delinquency, as the State estimates a delinquency of five per cent.

The tax charge this year amounted to \$231,336.59 more than the charge of the previous year.

The county tax rate for 1919-1920 was \$2.55 outside of incorporated cities, as against \$1.985 for the previous year. The principal item causing this raise was a levy of 40 cents on the \$100 valuation for the hospital site and construction fund. It is estimated that about \$195.00 was raised this year for this purpose.

The smallest individual tax collected in the county was 29 cents, and the largest was \$15,191.35.

By the terms of that decree the custody of the minor child was awarded to the plaintiff. The community property was divided as follows: One-third to the defendant, and the other two-thirds to plaintiff.

HOW TO READ YOUR GAS METER

If you will look at your gas meter, you will notice three dials. That on the left hand, marked 100 thousand, registers 10,000 cubic feet of gas from one figure to the next. The middle dial, marked 10 thousand, registers 1,000 cubic feet from one figure to the next. The dial on the right, marked 1 thousand, registers 100 cubic feet from one figure to the next.

In reading, note the direction in which the pointers move, as indicated by the arrows, and set down the reading from LEFT to RIGHT, using the figure that the hand has just passed, unless the hand just covers the figure.

Suppose, for instance, that the pointer on the left hand dial rests nearest the figure 2, that on the middle dial nearest 3, and that on the right hand dial nearest 2; the whole reading, then, is 53,200 cubic feet. And that represents the total consumption of gas registered by that meter. Now, subtract from that the total amount registered at last month's reading and you have your consumption of gas for the month. Apply the rate per 1000 cubic feet and you know the amount of your gas bill.

TRY READING YOUR OWN METER. You will find it is very easy to take periodic readings and keep a check on your gas consumption.

Should the Company's meter-reader make an error and over-read or under-read your meter, the misreading will automatically correct itself the following month and your next bill will be correspondingly less, or more, and no real injustice done to either the consumer or the Company.

NATIONAL REPUBLICAN CONVENTION AT CHICAGO TUESDAY

All eyes are now focused at Chicago which will be the scene of the

great national Republican convention on Tuesday next.

California's favorite son, Hiram W. Johnson, is leading all his competitors for the nomination. If nothing unforeseen happens it is believed he will receive the nomination on the fourth ballot. Mr. Johnson's nomination means his election by the largest vote ever received by any candidate for the presidency. The interests do not want him but they see in him a dangerous enemy. However the people want him and they are going to nominate him. Mr. Johnson will make a splendid president, one that the country may feel proud of. He is a thorough American, he believes in American principles and will give the people an American administration that all will be proud of.

SAMUEL M. SHORTRIDGE IS ENDORSED BY REPUBLICANS

Over half the Republican county committees of the state have endorsed Samuel M. Shortridge for the U. S. Senate and a majority of the newspapers of California are giving him much publicity. Mr. Shortridge appears to be the popular candidate. He certainly is qualified and would be a credit to the state and nation if elected. No man in the state is better qualified for the position than Mr. Shortridge. From present indications it would seem that he will be the successful candidate.

SAN CARLOS ITEMS

JOHN E. COWGILL, CORRESPONDENT

As part of an educational campaign to acquaint the public with the relation between freight rates and commodity prices, Agent Jno. E. Cowgill of the Southern Pacific company received today a copy of an orange and black poster which is being effectively displayed at the local passenger station.

The poster sets forth the actual cost of transportation by freight of a commodity used considerably in this community, and shows that a 25 per cent increase in freight rates would have little if any significance to the consumer.

For example:
It costs 23 cents to ship a suit from New York to San Carlos. Its average weight is five pounds.

An increase of 25 per cent to meet operating costs would add only six cents on each suit of clothes.

Californians are willing to pay a rate necessary for reasonable return on the money invested to secure good railway service.

There is no one but that will appreciate that a freight rate which is too low for the railroad will prove also too low for the shipper.

In the economic readjustments that are inevitable, commodity prices and freight rates will seek approximately a common level. A decrease in commodity prices can follow an increase of freight rates just as an increase of commodity prices follow a decrease of freight rates. While freight rates are a factor in prices, they are so small a factor that as such they count for nothing as against the major factors of currency fluctuation, under-supply, extravagant demand and waste due to the war. The main thing about freight rates is to have them high enough to insure facilities for moving commodities and not so high as to retard commodity movement. The freight rates either too high or too low are a detriment to commerce and prosperity. Adjusted where they should be and the products of industry move to the most attractive markets.

The Misses Gladys Dickerson and Beatrice McDonald have become very popular as flower girls at Cypress Lawn cemetery on Saturdays and Sundays and holidays.

Miss Beatrice Juneau returned last Saturday from Sierra Madre where

she had gone to be at the bedside of her sister who was very ill. When her sister had recovered sufficiently for her to return to San Carlos to look after her interests here, she received a telegram calling her to Dodge City, Kansas, on account of the serious illness of an aged bachelor uncle who has been in the lumber business at that place almost since the frontier days.

Mr. W. D. Oke left for Findlay, Ohio last Monday where he will visit at the home of his daughter whom he hasn't seen for some years.

Mrs. W. E. Fisher of San Francisco was a week-end visitor at the home of her mother, Mrs. R. P. Hurlbut.

Captain and Mrs. Chas. Holland and their two daughters, the Misses Violet and Mabel were week-end guests at the hospitable home of Captain Geo. H. Zeh.

Mrs. M. L. Baker and Mr. Baker's mother, Mrs. J. L. Bauer, have moved from San Francisco into one of Mrs. C. P. Powers' popular furnished bungalow apartments.

Miss Helen Gill from Spokane, Washington, who is taking a post graduate course at the popular private school conducted by Miss Harker at Palo Alto was a week-end guest of Miss Katherine Boyd.

Among the new residents who have recently moved into their new homes here are, Mrs. Bell Burnette and daughter Miss Geraldine, whose bungalow is opposite that of Mr. Planka; Mr. H. V. Vanderlaan and family who are near Mr. Lloyd C. Cook, and Mrs. C. W. Ridgeway. Many of those who have recently purchased home sites here, but whose plans are not completed as yet for the construction of their new homes have already planted their vegetable and flower gardens and take great pleasure and delight in coming down from San Francisco every Sunday and holidays to till the soil and take fresh vegetables home with them at the end of an honest day's toil.

Miss Adelaide Keller, one of Piedmont's popular society belles was here as a week-end guest of her aunt Mrs. Dranz A. Jones.

At the community whist party last Friday night Mr. A. M. Planka walked off with the first prize, Miss Mabel Graham captured the second and Mr. McCarthy was awarded the booby

prize in the shape of a big spud.
The Southern Pacific Co. has addressed a circular letter to all agents asking them to make careful search of warehouses, baggage rooms and all freight and baggage cars in an effort to discover any intoxicating liquors that might be received for delivery or offered for shipment under cover of some other label. We are quite sure there is none in or around San Carlos or we would have found it long ago.

Geo. F. Walker has secured the contract for doing the brick work in the construction of the elegant country home for Mr. Nelson of San Francisco at Sunny Slope, near the Spring Valley Water Works at San Carlos which is being built by Mr. R. P. Hurlbut of this place. There is approximately \$1000 worth of brick work to be done on the place.

The people of San Carlos were very pleased that our grammar school children were privileged to take part and participate in the memorial exercises with the schools of Redwood City.

Dr. J. G. Nall of this place who operated on Dr. McKenzie of Redwood City at the Red Cross hospital at San Mateo last Monday evening reports his patient doing nicely.

Don't forget that next Wednesday evening, June 9th, is the regular monthly meeting of the San Carlos Community Club. Come and join in supporting a resolution endorsing any movement seeking an increase in salaries for the teachers of our county and state as they have been working for inadequate pay long enough.

Reaffirming An Old Established Policy

Constantly increasing costs during the past few years prompt us at this time to reaffirm publicly an old-established policy, to which we have strictly adhered.

WE HAVE ALWAYS ENDEAVORED TO MAINTAIN LINES OF STAPLE MERCHANDISE OF MOST DEPENDABLE QUALITIES IN ALL DEPARTMENTS OF OUR BUSINESS, AT VERY LOW PRICES.

The size of our five-store organization with the power it influences on markets and manufacturers is proof of our strength to lend force to this policy.

We'll stand on our fifty-five-year record of "good clothes at prices fair to you and us" and DEMONSTRATE that such a policy brings you honest value all of the time.

DEMONSTRATING the Value Which Five-Store Buying Power Offers You in all Roos Stores.

Demonstration No. 1 1947 Men's and Young Men's Suits at \$47

The quantity (at one price) is more than many clothing shops have in their entire stock at all prices. That's Buying-Power!

There are quantities of HART SCHAFFNER & MARX Suits, all of fine wool fabrics. The entire lot is new, fresh stock, including even advance-season models for men, young men and high school lads. Suits of worsteds, cassimeres, tweeds and homespun, blue serges, blue unfinished worsteds and blue flannels—not a few garments, but 1947 in all, actively demonstrating that this institution has never forgotten its value-duty to you.

Demonstration No. 2 Women's Jersey Suits at \$21.75

Jersey Suits at \$21.75 seem almost impossible, even in normal days; but five-store buying makes them possible here in high-price times.

The suits are stylish, present-day modes of plain Heather Mixture Jerseys and even some Silverstone Jerseys, with Tuxedo or notch collars, patch or fancy pockets, pleated backs, pinch-backs; some slip-on middy styles, Angora trimmed models and others. Every suit is a far higher priced garment which Buying-Power brings to you now at \$21.75. This is our idea of real value.

Demonstration No. 3

\$10 Boys' Wool Knickerbocker Suits \$10

These Boys' Suits are made of chevils and homespun in the smartest models of the day. Some have fitted backs others with yoke effect, inverted pleats or belted-waistlines. They're all nicely tailored garments with serge or alpaca lined coats and full cut, lined knickers. Their sizes are for boys of 7 to 18 years—and the price offers "buying-power" value parents surely will appreciate.
